Summary of Changes

SECTION B:

B.1.1 OFFICE OF PERSONNEL MANAGEMENT (OPM)

[This subsection is being removed]

OPM provides human resources, leadership, and support to Federal agencies and the Federal workforce as they serve the American people. OPM has four primary areas of focus: policy and oversight, healthcare and insurance, retirement services, and services for agencies.

The Government Performance and Results (GPR) Modernization Act of 2010 (GPRAMA), in part, mandates that the Office of Management and Budget (OMB) collaborate with agencies to develop a Federal Government Performance Plan for each agency. As part of this mandate, agencies are required to integrate human capital strategies into their agency strategic plans in order to assure full alignment of talent with agency mission and strategy. GPRAMA requires that an agency's performance plan include a description of how performance goals are to be achieved, including operation processes, training, skills and technology, and the human, capital, information, and other resources and strategies required to meet those performance goals.

OPM's Human Resources Solutions (HRS) enterprise is a reimbursable entity for which OPM receives no funding from Congress. HRS provides human resources products and services that assist the Federal government in implementing their performance goals. These products and services thus function to develop leaders, attract and build a high-quality public-sector workforce, and transform agencies into high performing organizations.

B.1.3 MEMORANDUM OF UNDERSTANDING (MOU)

[This subsection is being removed]

On April 28th, 2014, GSA and OPM signed a Memorandum of Understanding (MOU) forming a partnership to address the need of providing the Federal government with human resource training and development and human capital management services more efficiently and effectively using Industry best practices.

Under this agreement, GSA's acquisition capabilities, tools and strategic sourcing experience are merged with OPM's expertise in human resources, human capital, and training and development to form a more powerful Government solution. This partnership acknowledges the changing Federal landscape. It recognizes GSA's and OPM's strategic goals, the current budgetary realities across Federal government and the need to better support the mission of the Federal agencies that GSA and OPM serve. The scope of services under HCaTS 8(a) is defined in Section C.

B.1.4 AUTHORITY

FROM:

The Administrator of GSA is specifically authorized to purchase supplies and nonpersonal services on behalf of other agencies under 40 U.S.C. 501. The Director of OPM is specifically authorized to perform training and personnel management services on behalf of other agencies under 5 U.S.C. 1304.

B.1.8 CONTRACT ACCESS FEE (CAF)

GSA's and OPM operating costs associated with the management and administration of HCaTS are recovered through a Contract Access Fee (CAF). The CAF is a percentage of the total task order amount invoiced and the CAF percentage is set at the discretion of the HCaTS PMO. The HCaTS PMO maintains the unilateral right to change the percentage at any time. See Section G.3.1 for more details regarding the CAF.

C.1 SCOPE

FROM:

The Office of Personnel Management (OPM) and the General Services Administration (GSA) formed a new partnership to jointly award and administer a new strategically sourced contract vehicle providing customized training and development services, customized human capital strategy services, and customized organizational performance improvement services to all Federal agencies. The goals of this partnership are grounded in law, in OPM's mission, and in Government-wide principles of human capital management. OPM will continue to offer high quality products while taking advantage of GSA's ability to provide government-wide cost savings and efficiencies through its federal strategic sourcing expertise.

Through this partnership, GSA will be principally responsible for contract administration, while OPM will be responsible for policy oversight and customer assistance. Together, through delegated procurement authority, both Federal agencies provide optional assisted acquisition services for HCaTS customers.

Human Capital and Training Solutions (HCaTS), through delegated procurement authority and OPM assisted acquisition services, will provide Federal agencies with both direct access and assisted acquisition access to customized training and development services, customized human capital strategy services, and customized organizational performance improvement services.
